- B. A lot in a recorded plat proposed to be divided in accordance with the Land Division Act.
- C. An exempt split as defined in this Ordinance, or other partitioning or splitting that results in parcels of twenty (20) acres or more if each is not accessible and the parcel was in existence on March 31, 1997, or resulted from exempt splitting under the Land Division Act.

- E. Approval of a division is not a determination that the resulting parcels comply with other provisions of this Ordinance or regulations.
- F. The Township and its officers and employees shall not be liable for approving a land division if building permits for construction on the parcels are subsequently denied because of inadequate water supply, sewage disposal facilities or otherwise, and any notice of approval shall include a statement to this effect.

## Section 7: Standards.

The standards in this Ordinance have been adopted to provide a uniform basis for decisions and to allow land division where it would protect public health, safety and welfare: be consistent with the Master Plan; minimize danger from fire and floods; protect and conserve the value of the land and the value of the buildings and improvements upon the land; minimize conflict between land uses; further the orderly layout and use of the land; and provide the most beneficial relationship between the uses of land and buildings and circulation of traffic.

- A. **Compliance with State Law.** An application for division or combination of land shall not be approved unless it is in compliance with the Land Division Act, Michigan Public Act 288 of 1967, as amended or replaced. Accordingly, the following conditions apply:
  - 1. An acreage tract or acreage parcel of land may be divided as permitted in Section 109 of the Land Division Act.
  - 2. A subdivision lot, outlot, or other parcel of land in a recorded plat may be divided pursuant to the requirements of this Ordinance only if such lot, outlot, or other parcel is divided as permitted in the Land Division Act, and provided that all of the following apply:
    - a. The resulting parcels shall comply with all applicable zoning requirements;
    - b. The total number of lots in the subdivision shall not increase above the number originally platted; and
    - c. The total land area within the subdivision shall not decrease below the area of the original plat.

**B. Requirements - Lot and Dimensional.** It is generally the intention of these regulations to create lots that conform to the minimum specifications of the zoning district where the new lots are located. Under certain circumstances as described herein, nonconforming lots may be modified as a result of a division of land.

1. All parcels created as a result of division of land shall comply with the minimum lot dimensional requirements of the Zoning Ordinance in effect at the time a land division is approved, including minimum lot size and lot width. The only exceptions to this requirement are as specifically described in Subsection B(2) below. The lot depth shall not exceed four (4) times the lot width.
2. Land division proposals may also be approved in either of the following circumstances:
  - a. If the land division and combination will reduce the degree of nonconformity for an existing lot with insufficient lot width to comply with the Zoning Ordinance's requirements;
  - b. If the land division and combination will reduce the degree of nonconformity for an existing lot with insufficient lot area to comply with the Zoning Ordinance's requirements.

In each of these cases, a division shall be permitted only if the property owner records an affidavit or deed restriction at the Washtenaw County Register of Deeds that describes the property and the circumstances and conditions of approval. Such deed restrictions shall be drafted by an attorney licensed to practice law in Michigan. The affidavit and deed restrictions shall be approved by the Township before recording, and the property owner shall provide a copy of the recorded affidavit or deed restrictions to the Township.

3. In considering a proposed land division, the Township will also take into account the presence of existing or proposed easements or rights-of-way that restrict use of a parcel in addition to the shape of the resulting parcels and building footprints with respect to minimum required dwelling unit and yard setback dimensions. The burden of proof of buildability of any proposed land divisions lies with the applicant(s).

**C. Access.** An application for a division of land shall not be approved nor shall a certificate of zoning compliance be granted unless all parcels created as a result of such division have access to a public road or a private road approved in accordance with the provisions of this Ordinance.

**D. Taxes and Assessment Liens.** Any due or unpaid taxes or special assessments upon the property shall be paid before the division of land or combination is given final approval.

**E. Consent of the Title Holder.** No division or combination of land shall be approved without the written consent of the title or deed holder or any person holding a legal or equitable interest in the subject parcel. At the discretion of the Township, a title search may be required.

**F. Disruption to Flow of Water.** No division or combination of land shall be approved if subsequent development would result in disruption to the existing or natural flow of water within drainage ditches, natural water courses, or government maintained drains, as determined by the Township Engineer unless evidence of a feasible alternate method of drainage is presented and approved by the Township Engineer prior to approval of the proposed land division.

**G. Easements.** Approval of a proposed division of land or combination shall be subject to the dedication of any easements necessary for roads, public utilities, bicycle/non- motorized vehicle paths, sidewalks, or other necessary public facilities required.

## **Section 8: Application for Site Plan Review.**

Following final approval of a division of land in accordance with this Ordinance, the property owner may apply for site plan review or a certificate of zoning compliance, as applicable, to allow development in accordance with this Ordinance. A certificate of zoning compliance shall not be issued for illegal or unapproved divisions of land. Notwithstanding this provision, nothing in this Ordinance is intended to prevent issuance of a certificate of zoning compliance or development on legal nonconforming lots of record, subject to compliance with all Ordinance requirements.

Additionally, the applicant must satisfy all requirements of other related ordinances.

## **Section 9: Noncompliance.**

- A.** Any division of land in violation of any provision of this Ordinance shall not be recognized as a land division of the Township tax roll or assessment roll until the assessing officer refers the suspected violation or potential non-conformity to the county prosecuting attorney and gives written notice to the person requesting the division, and the person suspected of the violation or potential non-conformity of such referral to the prosecuting attorney. The Township shall further have the authority to initiate injunctive or other relief to prevent any violation or continuance of any violation of this Ordinance. Any division of land in violation of this Ordinance shall further not be eligible for any zoning or building permit for any construction or improvement thereto.
- B.** Pursuant to Section 267 of the Land Division Act [MCL §560.267], an unlawful division or split shall also be voidable at the option of the purchaser and shall subject the seller to the forfeiture of all consideration received or pledged therefore, together with any damages sustained by the purchaser, recoverable in an action at law.

## **Section 10: Severability.**

If a court of competent jurisdiction finds any provision, clause, or portion of this Ordinance to be invalid, the balance or remainder of this Ordinance shall remain valid and in full force and effect and shall be deemed “severable” from the portion, clause or provision deemed to be invalid by the court.

## **Section 11: Effective Date.**

This Ordinance shall become effective 30 days after publication as provided by law.

## **Section 12: Repeal.**

All ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed; provided that this Ordinance shall not be construed to repeal expressly or by implication any provision of the Township Zoning Ordinance.

## **Section 13: Savings Clause.**

Except as expressly amended or repealed by this Ordinance, the balance of the Webster Township Ordinances, as amended, shall remain unchanged and in full effect.
